

KOASIS 5000[®]

KOASIS 5000[®]

Advantages & Benefits

- Max. 1ha fertilization & irrigation
- Independent programs (14 days cycles)
- 12 irrigation sectors & 3 to 5 fertilizer solenoid
- User friendly operation by touch screen (All languages)
- Precise control by Time, Flow rate, Solar & Humidity sensor

Main features

CONTROL PART	Software	SW -2010 (Self -developed)	
	Monitor	Color 7 " wide LCD, Touch Screen	
	Control	Time	Set irrigation time & Interval
		Sector	Set each sector by Electric valve
		Flow rate	Flow rate / Discharge (Option)
		Sensor	Accumulated solar irradiance
	Data Saving	Portable USB (Personal PC)	
	Program	Emergency Alarm	Set Max/Min EC/PH value for Emergency alarm & operation stop
		Emergency Irrigation	Whole irrigation 1 time/ Part irrigation 1 time
		Management	Water supplying, Pump, Valve / Test function for electric valve
Alarm Notice		Notice instruction when error Occurs	
Monitoring		Check current EC & PH value / Sector / Setting & Rest time	
SENSOR (Option)	EC Sensor	Sensor & Converter	
	PH Sensor	Sensor & Converter	

- PLC type

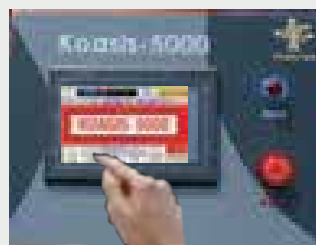

Everywhere you can do! (PC / Phone)

Remote Control (WIFI)

TOUCH SCREEN-EASY OPERATION

12 IRRIGATION SECTORS
